## Submitting a Proposal for the 2023 NICE Conference and Expo

The NICE 2023 planning committee is seeking timely, topical, and thought-provoking presentations for the annual conference and expo. The conference is an opportunity to bring together employers of cybersecurity practitioners and representatives from education, training, certification, and workforce development communities to promote collaboration and highlight effective and innovative approaches from industry, government, and academia. We encourage proposals from a diverse array of organizations and individuals with different perspectives.

The following considerations will also apply:

- Proposals should attempt to align with the goals and objectives of [the National Initiative for Cybersecurity Education \(NICE\) Strategic Plan](#).
- Where appropriate, proposals should consider uses of [the NICE Workforce Framework for Cybersecurity \(NICE Framework\)](#).
- Proposals should highlight effective practices and solutions rather than merely admiring the problem.
- Proposals will be evaluated and selected based on the quality of the written proposal, diversity of topics and presenters, and alignment with the conference theme and tracks.
- Depending on your topic, please consider the best format for your presentation such as lecture, panel discussion, demonstration of concepts or solutions, or interactive forum. Special consideration will be given to proposals that include audience engagement as part of the presentation.

## Topics of Interest

The NICE 2023 planning committee is interested in the proposals addressing the following topics:

- **Building Thruways: Linking Education and Employment**
  - This topic addresses ideas such as work preparation in college courses, internships and externships, competitions, ranges and other extra-curricula opportunities, evidencing competency, curriculum development, and alignment of learning objectives to workplace needs.
- **Currency Conversion: Evaluating Credentials and Assessing Existing Talent**
  - This topic addresses ideas such as up-skilling and re-skilling within existing workforces, hiring practices, training and development of existing workforce, credentials, and recognizing the value of non-traditional career routes.
- **Maintaining Equilibrium: Work-Life Balance, Mental Health, and the Workplace**
  - This topic addresses ideas such as expectations on professionals and professionalism, work-life balance, burnout, mental health, technostress and workplace culture.
- **Knocking Down Barriers: Identifying and Assessing Accessibility Challenges and Proposing Solutions**
  - This topic addresses ideas such as neurodiversity, race, gender, socio-economic diversity, and disabilities, with a specific focus on under-served and under-represented communities.
- **Improving the Infrastructure**
  - This topic addresses ideas such as the physical space, faculty shortage, pathways for exchanging educational leadership and talent, collaboration between industry, academia and the government and the lessons from cybersecurity leaders.

## Proposal Rubric

The NICE 2023 planning committee will use the following rubric to read and score each proposal.

<b>Criteria</b>	<b>Max Score</b>
<b>Presenters</b>	The content leader(s) are very knowledgeable and experienced in the topic area.
<b>Theme</b>	They align the proposal and use language that effectively conveys the conference theme.
<b>Diversity, Equity, Inclusion, and Accessibility</b>	Impact on diversity, equity, inclusion, and accessibility are clearly presented and integral to the proposal. The panel is diverse in its makeup.
<b>Audience Engagement</b>	The presentation has an approach that will actively engage the audience through content and/or activities as appropriate. Will achieve all the objectives proposed.
<b>Student/Learner Perspective</b>	Student/Learner perspective is clearly presented and integral to the proposal. Student/learner is part of the panel.
<b>Relevance</b>	The topic is current, relevant, or important to the field.
<b>Innovation</b>	The proposal clearly demonstrates best practices, new developments, or innovative techniques/methods.

## Frequently Asked Questions (FAQs)

### **When and where will the conference be held?**

The 2023 NICE Conference & Expo will take place June 5-7, 2023, at the Westin Seattle in Seattle, WA.

### **Will remote participation be possible for speakers?**

Speakers are expected to deliver their presentations in person. Prospective speakers should submit their proposals with this in mind. To ensure the comfort and well-being of our attendees, we will be implementing the proper safety guidelines as well as providing an option for some participants to attend the conference virtually.

### **When will I find out if I have been accepted?**

Speakers for all sessions will be notified by the beginning of March.

### **How many speaking slots are available?**

We anticipate no more than 28 concurrent sessions.

### **How are sessions selected?**

A volunteer Planning Committee comprised of representatives from industry, academia, and government review all submissions and make selections based on quality of submissions and balance of topics desired to be covered.

### **How do I increase my odds of getting selected?**

The NICE Conference values diversity of thought, background, gender, sexual orientation, ethnicity, nationality, and experience—let your unique perspective and expertise shine in what you submit. Well thought out, complete but concise, unique submissions with clear and specific detail will improve your chances of being selected. It is also important that all presentations provide new and original content. *Do not submit presentations that have been previously shared at other conferences or meetings.*

### **What are the main reasons my proposal did not get selected?**

1. *Incomplete or Vague Information.* The presentation title, description, learning outcomes are the most important pieces of the entire submission.
2. *Commercial pitch.* Sales pitches for products or services are easy to spot and our Planning Committee quickly eliminates them from consideration.

JUNE 5 - 7, 2023 | WESTIN SEATTLE | SEATTLE, WA.

---

3. *Multiple submissions.* The Planning Committee seeks to build a diverse program. With limited sessions available, no more than 1 or 2 presentations will likely be selected from the same organization or individual.
4. *Déjà vu.* Presentations that have been on programs for other conferences that precede the NICE Conference are not likely to be considered.
5. *Diversity of Perspective.* Proposals submitted that do not demonstrate diversity of thought or consider different backgrounds, genders, sexual orientations, ethnicities, nationalities, and experiences will receive unfavorable reviews.
6. *Final tip.* The NICE Conference aims to provide timely, topical, and thought-provoking presentations for attendees. We are looking for “new voices”, “new ideas” and “innovative” topics that have not been discussed before.

**Who can I contact if I have problems submitting my proposal or have not received notification of my acceptance status?**

The friendly NICE Conference staff are happy to assist you by email at [info@niceconference.org](mailto:info@niceconference.org).
