National Cybersecurity Employers Network

Join the National Cybersecurity Employers Network

Joining the CyberSkills2Work National Employers Network provides organizations with first access to those who have recently completed CyberSkills2Work training, earned industry certifications, and have related experience or clearance.

Joining is FREE! Simply complete the brief application form and we will get back to you. Employers who join will be given access to the Employers Network portal on the CyberSkills2Work website where they can post job opportunities, connect with program graduates, and browse resumes. There is no commitment for employers although we encourage them to share job opportunities.
