PROGRAM KEY BENEFITS

STUDENTS

- Acquire essential work skills
- Graduate as a certified professional
- Free training and an 85% discount on Check Point Certification

EDUCATORS

- Be part of the global effort to prepare today's students with vital cyber skills to protect our future
- Free Check Point training and certification
- Valuable instructor materials

INSTITUTES

- Equip pupils with real-life work skills
- Offer your academic staff additional value at no cost
- Remain a key player in the market with minimal investment

INFINITY GLOBAL SERVICES | JUNE 26, 2024

Check Point SecureAcademy Launches Special Program Offering Content and Services Valued Up to \$60K to Help Close the Global Cyber Security Skills Gap

By Check Point Team

In a time when cyber threats are on the rise and the shortage of skilled cybersecurity professionals is becoming more acute, Check Point Infinity Global Services SecureAcademy is pleased to introduce a new grant initiative. This initiative is designed to provide educational institutions and nonprofit organizations with the essential resources needed to up their cyber security training programs. The SecureAcademy Grant will provide each existing and new SecureAcademy partner with an annual grant worth up to \$60,000 in content and services. This initiative underscores Check Point's commitment to fostering the next generation of cyber security professionals and addressing the global skills gap in this critical field.

Driving Educational Excellence

- Professional Development (stepping out of comfort zone)

Where SecureAcademy led me...

“You don’t have to follow a straight path to make a real impact. Some of the most powerful careers in cybersecurity begin in unexpected places, all it takes is a chance to show what you can do.”

Thank you!
