

The Power of Community: Celebrating Our Past, Engaging the Present, and Building the Future

Susana Barraza

NICE Program Manager,
Lead for Communications & Engagement
National Institute of Standards and Technology
U.S. Department of Commerce

The Power of Community: Celebrating Our Past

Community: The Heart of Our Ecosystem

A Robust Community Working Together

NICE engages the cyber workforce community in support of a cohesive approach to advancing an employer-led education and workforce ecosystem.

From convening stakeholders to coordinating the development of resources and supporting implementation, community is central to our mission.
